

Fire Safety

- If you hear the fire alarm.....
 - Immediately stop what you are doing
 - Calmly proceed to exit the building through the nearest exit
 - Remind anyone you see to exit
 - Rendezvous in the center of campus
 - Check around for others in your group that you know are working today and notify senior staff and/or fire personnel if you notice anyone missing

Fire Prevention and Awareness

- Typical hazards in a lab:
 - Paper
 - Flammable liquids
 - Compressed gases
 - Electrical
- Know where the nearest fire extinguisher is located
 - What type is it?
- Fire alarm box? Fire blanket? Safety shower?

In the event of a fire.....

- Assist any person immediately in danger
 - STOP, DROP, ROLL
 - Fire blankets, safety showers
- Fight or flee?
 - Small, contained, non-toxic fires with clear egress only!!
 - Proper extinguisher is close at hand
 - P - A - S - S
- Evacuate and close doors behind you (but don't lock them)
